SUMMARY

Computer Science undergraduate with hands-on experience building responsive web applications using HTML, CSS, JavaScript and React.js. Familiar with DOM manipulation, Local Storage and REST APIs, with practical experience developing full-stack applications using Node.js, Express.js and MongoDB.

SKILLS

Frontend: HTML • CSS • JavaScript • DOM • Local Storage
Backend: Node.js • Express.js • REST APIs
Programming: Python • C • Java
Database: MongoDB Authentication: JWT • Google OAuth
Tools: VS Code • Git • GitHub

EDUCATION

B.Tech in Computer Science and Engineering | 3rd Year
MCKV Institute of Engineering | MAKAUT
Class XII: 76% • Class X: 84%
Relevant Coursework: Data Structures & Algorithms • Object-Oriented Programming • Operating Systems • Computer Architecture • Machine Learning

CERTIFICATIONS & TRAINING

Introduction to HTML — May 2026 • Introduction to CSS — May 2026

PROJECT EXPERIENCE

CollabNotes — Full-Stack Collaborative Notes Platform | Node.js, Express.js, MongoDB, JavaScript
Engineered and deployed a responsive full-stack notes platform featuring JWT authentication, Google OAuth, RESTful APIs, and MongoDB persistence. Implemented secure user-specific note management with CRUD operations, folders, public/private sharing, search, favorites, likes, file attachments, and a complete trash/restore workflow.
Live: https://collabnotes-q6qq.onrender.com

ExpenseTracker — Full-Stack Expense Management Platform | JavaScript, Node.js, Express.js, MongoDB, Mongoose
Developed a full-stack expense management application with secure user authentication, transaction tracking, and financial analytics. Implemented income and expense management, transaction editing, a trash and restore workflow, and dashboard summaries for monitoring financial activity.

LearnAI — AI Education Platform | Replit AI/Agent
Developed and deployed a responsive AI-focused education platform with an interactive user interface and structured application functionality, using Replit AI Agent to assist with development, testing, and improvement.
Live: learn-ai-education-platform--arpanmaiti472.replit.app

Personal Portfolio Website | HTML, CSS, JavaScript, DOM
Designed and developed a responsive personal portfolio website to showcase skills, projects, education, and experience, with interactive navigation, scroll animations, and DOM-based interactions.
Live: arpanmaiti5820-creator.github.io/arpan-portfolio/

WORK EXPERIENCE

Frontend Developer Intern — InAmigos AI | 03 Sep 2026 – 13 Sep 2026
Worked on frontend development, building and improving responsive web interfaces using **HTML, CSS, and JavaScript**. Gained practical experience in real-world web development and professional project workflows.

Full Stack Development Intern — CodeNova | 10 Oct 2026 – Present
Selected for a 4-week, project-based remote internship focused on Full Stack Development. Expected to contribute to assigned projects, complete development tasks, follow documentation guidelines, and collaborate with the team to meet project deadlines.

HACKATHON / ACTIVITIES

Participated in 2 hackathons and cleared the college level, gaining experience in collaborative problem-solving and project development.

LANGUAGES & INTERESTS

Languages: English • Hindi • Bengali
Career Interests: Frontend Development • React.js • Backend Development • Full-Stack Development
